The Patent Owner submits the accompanying Form **PTO/SB/44** Certificate of Correction to correct an error in the printed version of U.S. Patent No. 6,761,824 B2. The error is set forth below.

Specifically, claim 1 recites “b. adjusting to a preselected temperature of between -5 °C and -30 °C. the temperature of the solution of step a;”. The claim should recite a temperature range of between -5 °C and 30 °C. Importantly, a temperature range of between -5 °C and 30 °C is supported by claim 13 of the application as originally filed. The error does not appear to have been made by the Office because in a Response to an Office Action, submitted on April 29, 2003, the Applicants requested addition of new claim 22, which contained the typographical error.

The Patent Owner respectfully requests that the Certificate of Correction be issued. Please charge our Deposit Account No. **06-1448**, Ref. No. **PMX-003.01** in the amount of
